ILLUMINATED PUSH BUTTON MODULE WITH 2 PUSH BUTTONS/2 LEDS, INCLUDING MOUNTING BASE WITH ADDRESSING SOCKET

The module is used to connect the control system with the components

- Integral AS-Interface slave
- Monitoring of signal receipt
- With short circuit protection
- Easy wiring due to flat cable insulation displacement connectors ('click and go')
- Certified motor control modules for safe communication up to SIL2
- Special modules for dampers with special functions including redundant voltage supply
- Universal module for the connection of various terminal units such as fire dampers, smoke protection dampers or duct smoke detectors
-
